

## 6<sup>th</sup> HAI HAND HYGIENE DAY CELEBRATIONS AT THE PARK NEW DELHI

World Health Organisation (WHO) SAVE LIVES; "Clean Your Hands" campaign aims to maintain a global profile on the importance of hand hygiene in health care and to 'bring people together' in support of hand hygiene improvement globally on May 5 every year. WHO calls on everyone to be inspired by the global movement to achieve universal health coverage (UHC), including access to quality essential health care services and to safe, effective, quality and affordable essential medicines and vaccines for all.

Hotel Association of India (HAI) intends to create awareness among the local communities, schools, orphanages, public institutions, guests, visitors and employees of hotels and the people who handle food about the importance of washing hands with soap and water or using a hand sanitizer as the simplest and most cost-effective way of promoting community well-being through prevention of respiratory illnesses, common cold, influenza and other infections.

On 5<sup>th</sup> May 2019, 6<sup>th</sup> HAI hand Hygiene day, the Team at The Park New Delhi visited Arya Public School to spread the message "**Take a stand, wash your hands.**" The highlights of this great initiative were as follows:

1. The Park created an environment in the Hotel conducive to the Hand Hygiene Day's significance with displays, videos and posters.
2. The Park team performed an interesting and easy demonstration of hand washing in the form of 'Nukaad Natak'.
3. Chef Nakul from the team explained the importance of the Hand Hygiene & proper procedure to wash hand to maintain sanitation.
4. Each member, including Mr. Rohit Arora (Area General Manager, The Park New Delhi), of the team made sure that the students know the steps to wash the hands and how to maintain proper hygiene by doing the hand wash steps with them.
5. Exciting goodies and refreshments were distributed to the students for them to take the experience home.

It was very heartwarming to receive such a delightful response from the students and the teachers. This is the way forward for a '**Healthy Hotel**' through always supporting and promoting a healthy environment for this and future generations.
