World Environment Day
June 5th, 2022

World Environment Day is The United Nations day for encouraging worldwide awareness and action to protect our environment. At **JW Marriott Mumbai Sahar**, sustainability is at the core of every curation. We understand the benefits of nature are multifold and in effort towards a safe, clean and pure tomorrow, our discerning guests and associates came together to partake in a tree plantation initiative. It is critical that we all give back to the environment and create a safer tomorrow for our generations to come.

PLANT A TREE, SO THAT THE NEXT GENERATION CAN GET AIR FOR FREE!

JW Marriott Mumbai Sahar, part of the luxury hotel portfolio of Chalet Hotels Limited is working tirelessly to create a cleaner environment. As part of its sustainability efforts, the hotel inaugurated its Electric Vehicle (EV) charging station on-premises on June 5th, 2022 urging guests to adopt sustainable practices and own electric vehicles. Electric vehicles help reduce carbon footprint due to its low carbon emission and utilization of renewable energy. The noise emission via these vehicles is considerably lower than traditional vehicles, making it an environment-friendly choice.

The theme for 2022 #OnlyOneEarth focuses on our role as the citizens of the Earth, to protect the environment and to encourage sustainable living everywhere and everyday. It has become imperative to talk about climate change, pollution and its effect on our fragile ecosystem, and to be able to live in a healthy environment as our basic human rights.
