

21st HAI World Environment Day 5th June 2018. The Imperial New Delhi

As part of the huge campaign on plastic which India hosted this year to save our planet, The Imperial New Delhi **partnered with WWF-India (World Wide Fund for Nature)** to recycle and responsibly dispose of plastic while ***giving up on plastic cutlery, crockery, packaging material, straws, single use and repeat use plastic.***

In lieu of the **#GIVEUP partnership with WWF India**, we undertook the following activities to make the associates and guests abreast about our initiative of no plastics:

- A floral installation art in the lobby was created by our flower team to promote **WE #GIVEUP PLASTIC & #BEATPLASTICPOLLUTION**
- *Displayed responsive posters in guest and employee areas to promote the message #BEATPLASTICPOLLUTION*
- Our associates wore 'NO PLASTICS' T-Shirts to promote #GiveUp plastic on World Environment Day
- Posters made by the hotel associates focused on spreading the word on plastic pollution and the need to recycle

Placed below are some pictures of the poster competition, installation art and in-house posters which were displayed in the hotel along with the press release, for your kind reference.

GIVE UP

TO GIVE BACK

LESS PLASTIC, HEALTHIER OCEANS AND RIVERS

India generates 60% of the world's plastic waste!

The Imperial, New Delhi has given up single-use plastics like cutlery, crockery, packaging and straws. Our employees also choose to recycle and responsibly dispose of any plastic waste.

JOIN THE GIVE UP MOVEMENT.
