**The Leela Mumbai**

### Hand Hygiene

- All employees should practice hand hygiene to prevent the spread of germs.
- Wash with soap & water for at least 20 seconds. This is an effective way to remove dirt & germs.
- Sanitize with alcohol hand sanitizer in addition to hand washing. If your hands are soiled, perform full hand wash.

1. Wet hands with water. 2. Apply soap. 3. Rub hands together to create a lather. 4. Scrub all surfaces of hands for at least 20 seconds. 5. Rinse hands well. 6. Dry hands with a clean towel or air dryer.

**THANK YOU**
