- ✓ Live demonstrations conducted during departmental briefings
- ✓ Awareness posters displayed across back-of-the-house areas
- ✓ Fun and interactive Tea-Time Quiz to encourage participation

# ACTIVATION 1

## *Informative Messages as part of Internal Groups*

- ✓ Informative posters and messages shared across internal communication groups
  - ✓ Reinforced correct handwashing techniques and key Hand Hygiene practices
  - ✓ Enhanced awareness and recall of the importance and benefits of Hand Hygiene

## Do It Right, Every Time

**WASH HANDS WITH SOAP FOR AT LEAST 20 SECONDS**

- Before starting work
- Before handling food or serving guests
- After using the restroom
- Before having your meals
- After coughing, sneezing, or touching your face
- After handling waste, cleaning materials, or used items

This Hand Hygiene Day, we reinforce a simple standard that shapes every guest experience and safeguards every team member: wash hands with soap for at least 20 seconds, at the right moments, without exception.

Before service begins. Before and after every guest interaction involving food. After every break. After every task that demands it.

Because hygiene is not a reminder, it is a ritual. One that protects, builds trust, and quietly elevates the standard of care we deliver.

Do it right. Every time.
