THE OBEROI NEW DELHI

Celebrates

**WORLD ENVIRONMENT
WEEK**

Environment Week Celebrated at The Oberoi, New Delhi

Date	Activity	Details
Monday, 04 June	Interdepartmental slogan writing competition	The competition was based on this year's theme 'Beat Plastic Pollution'. Team members participated enthusiastically and their final work was displayed in the heart of the house areas during the environment week.
	Green corridor	The entire team corridor was decorated with planters to reflect the celebration of the Environment Week.
Tuesday, 05 June	Sapling plantation	Managers and team members planted the saplings in key outdoor areas of the hotel.
	The Ultimate Cleaning Drive	Cleaning drive was undertaken to clear the areas outside the hotel of any plastic and debris.
	NO BIN DAY @ Cafeteria	The lunch meal was a no waste event as no waste bins were available in the cafeteria. All diners ate with the consciousness that even a singly grain of food did not go waste.
Wednesday, 06 June	Save Energy Campaign	A showcase desk was stationed in the team corridor with energy saving appliances. The idea was to educate the team about the importance and the benefits of switching to such appliances.
	Save environment AV	Informative audio visuals were played on team corridor television. Different AVs were played through the day.
Thursday, 07 June	Plant out of waste	A workshop on turning waste into planters was organised. Team members learnt how to upcycle/reuse waste products such as empty cans, bottles, cartons etc. and turn them into planters. The same was gifted to participants at the end.

WORLD ENVIRONMENT DAY
THE OBEROI GRAND WAY

*Celebrated throughout
the week
From May 29 to June 5*

Day 1: Poster Making Competition

We started our Environment Day preparation from May 29 itself. We started off with Poster making competition where all departments came together in the cafeteria and had put down their creativity into colour and made some imaginative posters based on Environment Conservation.

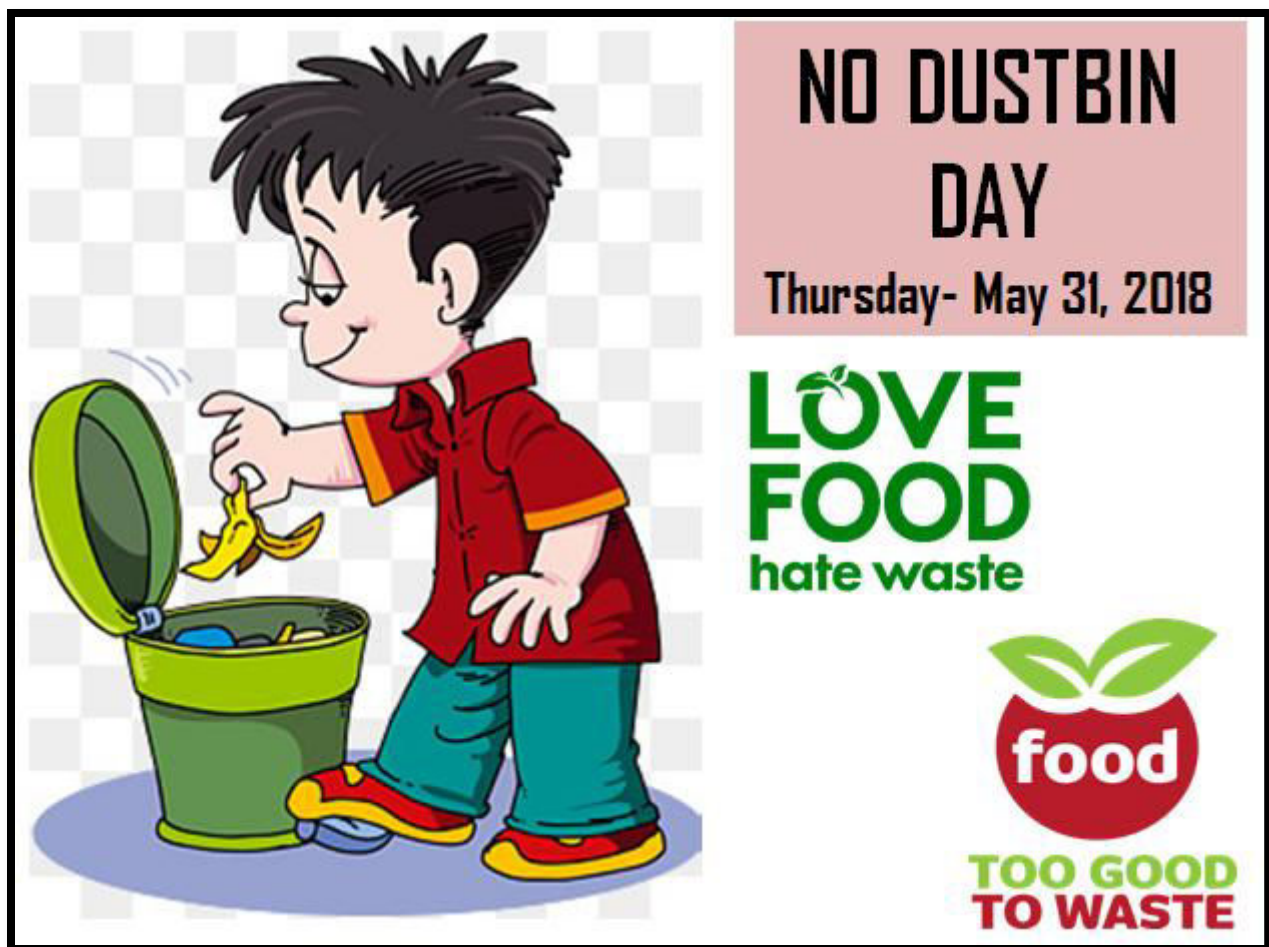

Day 2: Car Pool Day

Second day of Environment week we had car pool day. So whoever owned a car and had someone who stays nearby their area could pick them up while coming to work.

Day 3: No Dustbin Day

On this day we ensured there was a vegetarian menu so that the wastage was minimized and had also put up posters to discourage people from wasting their food.

Day 4: No Paper Day

We followed the mantra of save paper and cut less trees. Everyone came forward with the idea of using recycle paper as scribbling pad also.

**Try and Save Paper on
NO PAPER DAY**

Today June 1

Day 5: Plantation Drive

The CSR team of The Oberoi Grand visited the SOS Village and we planted few saplings with the little ones in the village and took an oath to save, protect and to keep the environment clean. We also provided them with small breakfast boxes as a token of love.

Day 6: Best out of Waste

We had collected non usable waste items which is discarded on daily basis from every department. On this day we placed these items like cans, bottles, old newspapers, straw, shoe boxes and some small stationery items for them to work with. We left the rest to their imaginative brain for them to think and make the best they can out of the waste which had been provided to them. All were allocated 45 minutes to complete their task in hand.

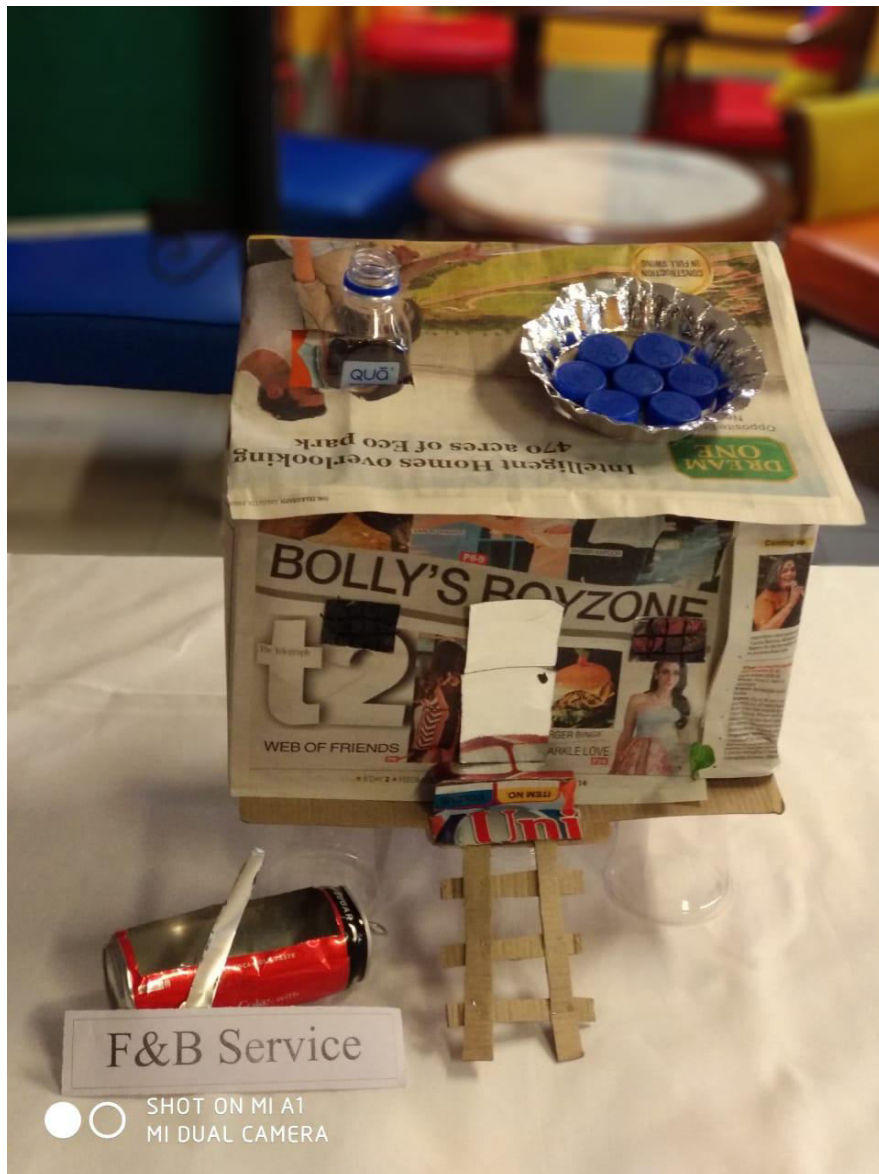

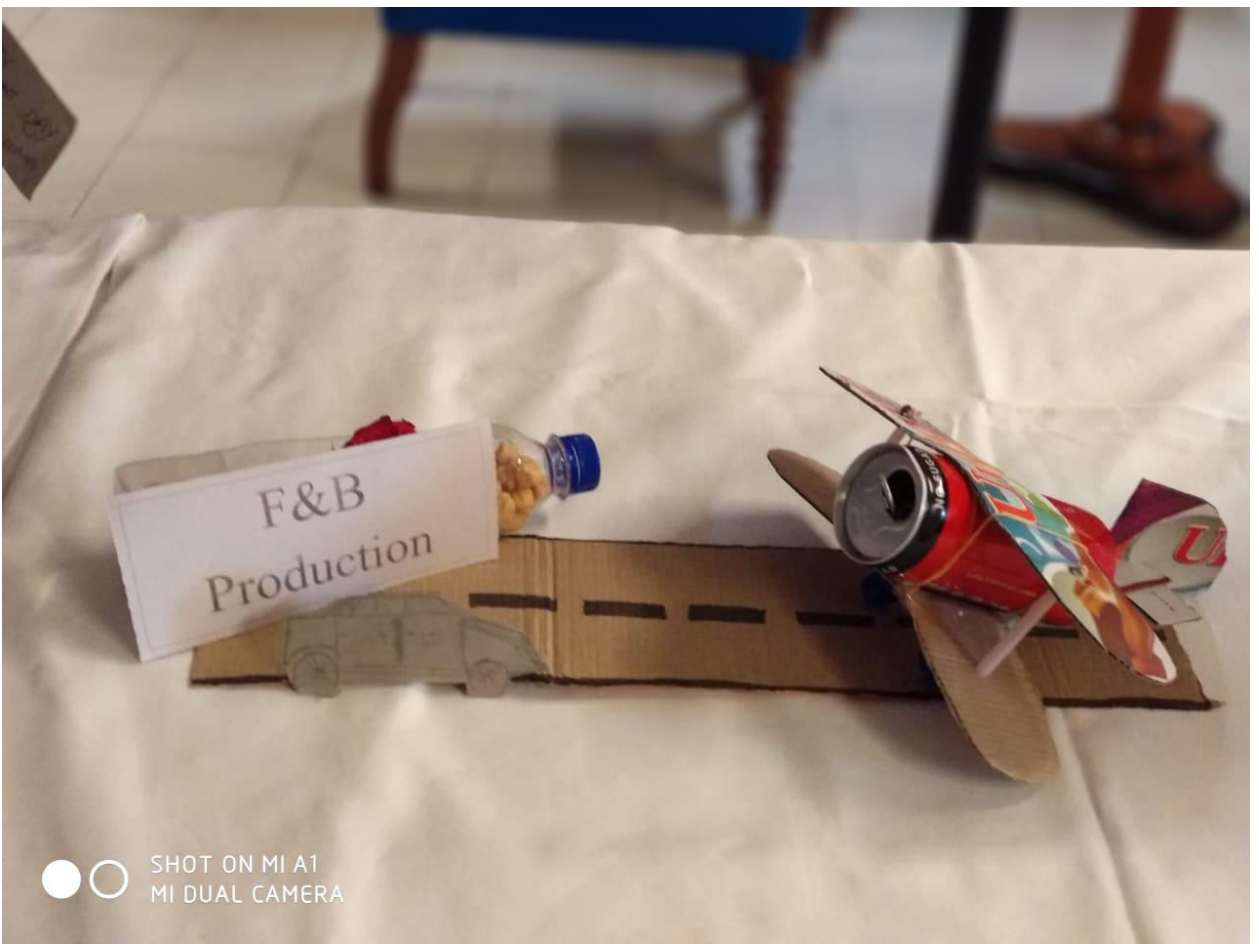

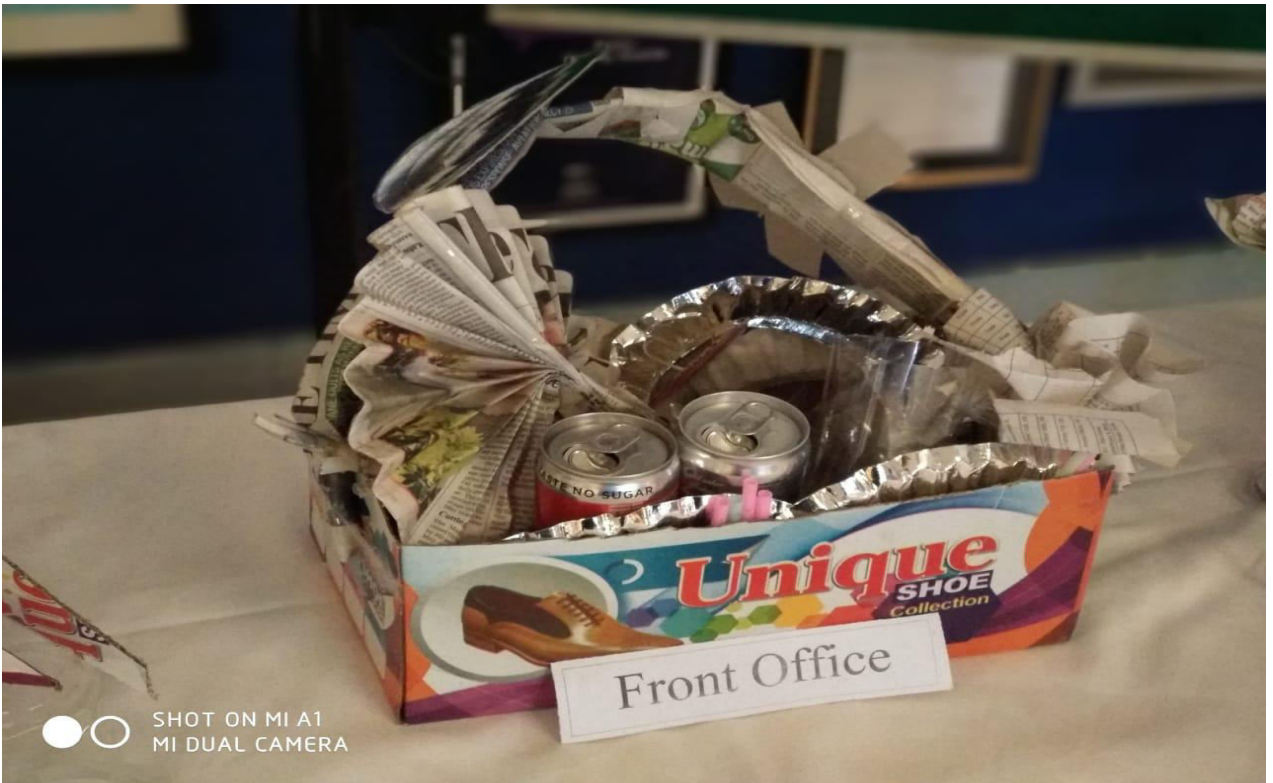

Day 7: Exhibition Day

After 1 week of various activities, we had put forward an Exhibition of various talents we had come across that week. Judges were there to decide the best amongst all

World Environment Day

At The Oberoi Amarvilas we conducted a host of activities to celebrate the World Environment Day on 5th June 2018. The activities conducted were as follows -

- Green Walk followed by sapling plantation. Almost 40 team members did a green walk holding banners to spread awareness of the World Environment Day.
- This was followed by sapling plantation in the adjacent forest land.
- The Oberoi Amarvilas has also sponsored the plantation of 10,000 plants in the state of Uttar Pradesh.
- A poster making competition was also held in the hotel to spread awareness amongst the team members.
- Saplings were also distributed to team members so that they could take the same back home and nurture the plant.
- This was followed by the screening of The 11th hour documentary which highlights the issue of Global Warming.

NATURE WALK & SAPLING PLANTATION

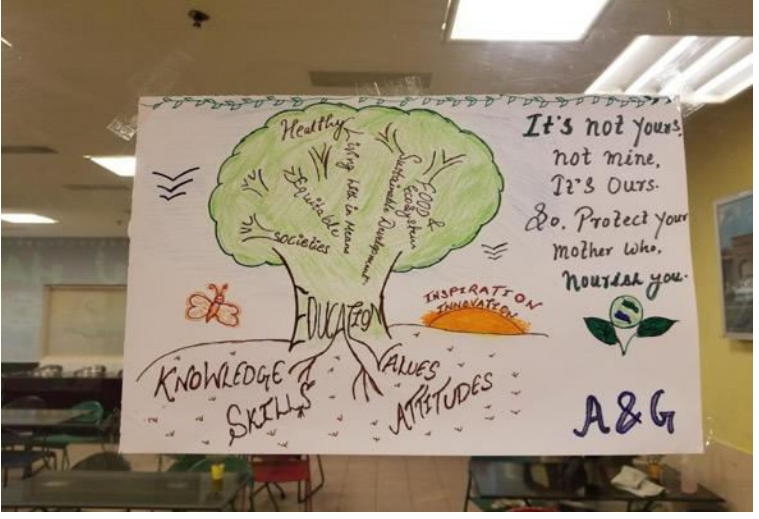

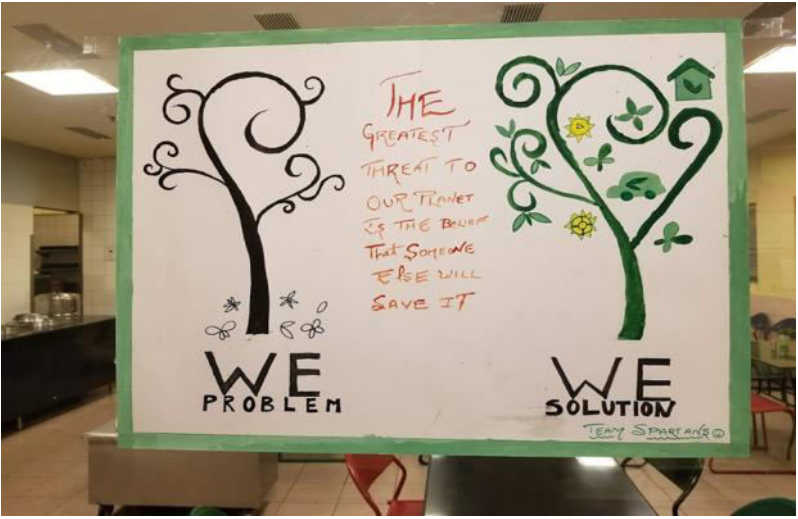

SAPLING DISTRIBUTION TO TEAM MEMBERS

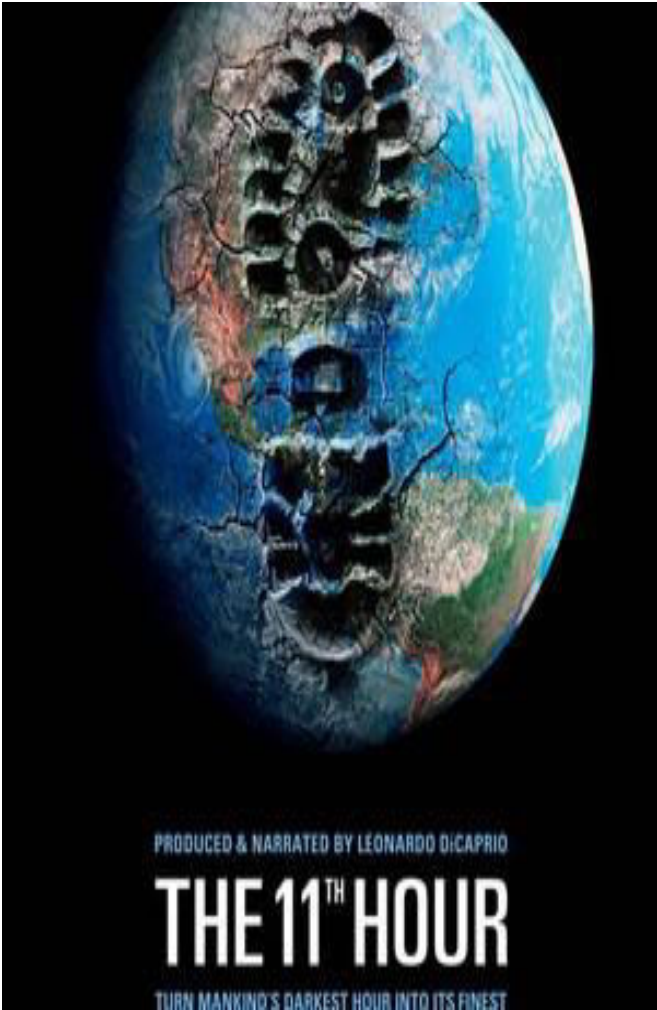

POSTER MAKING COMPETITION FOR TEAM MEMBERS

SCREENING OF DOCUMENTARY FOR TEAM MEMBERS

1st June, 2018 to 7th June, 2018

The Schedule

World Environment Week- *EAT.THINK.SAVE*

Participations

Day 1	Friday	1st June	Spread Awareness & Publicize	Spread awareness on World Environment Day / Slogans and Posters and comments or suggestions at Café Board/ Display charts and posters in department on preservation and conservation of environment . You can also display paintings and photographs on Café Board	All Departments
Day 2	Saturday	2nd June	Quiz	Quiz on Environment and Environmental Issues	All Team Members at 1600hrs in Café
Day 3	Sunday	3rd June	Refuse, Reduce, Reuse, Renew, Recycle & Travel by Public Transport	Implementing the concept of Reduce, Reuse & Recycle/ Save Electricity/ Save Water	Hotel/Home
Day 4	Monday	4th June	Competition	Painting & Poster making Competition in Activity Centre	Front Office / Activity Centre
Day 5	Tuesday	5th June	Tree Plantation & Swaach Bharat Abhiyaan	Tree Plantation at Glen and Swaach Bharat Abhiyaan * World Environment Day*	All Team Members at Glen
Day 6	Wednesday	6th June	Green Film & Waste Less	Movie day in Kipling & Practice Waste Less in terms of Electricity , Water , Food etc	All Team Members
Day 7	Thursday	7th June	Inter Departmental Competition	Art made of recycled material like Paper Bags, Plastic Bottles, Glass Containers , Boards / Cartons etc	All Departments

Quiz session | Lets see how aware are we about the environment and environmental issues

Recycling

By the Numbers

544,000
Trees saved if every household in the United States replaced just one roll of virgin fiber paper towels (70 sheets) with 100% recycled ones.

79 million tons
Amount of waste material diverted away from disposal in 2005 through recycling and composting.

20 million
Tons of electronic waste thrown away each year. One ton of scrap from discarded computers contains more gold than can be produced from 17 tons of gold ore.

5%
Fraction of the energy it takes to recycle aluminum versus mining & refining new aluminum.

315 kg
Amount of CO2 not released into the atmosphere each time a metric ton of glass is used to create new glass products.

9 cubic yards
Amount of landfill space saved by recycling one ton of cardboard.

\$160 billion
Value of the global recycling industry that employs over 15 million people.

51.5%
percentage of the paper consumed in that was recovered for recycling in 2005.

98% : Percentage of glass bottles in Denmark that are refillable. **98%** of those are returned by consumers for reuse.

Top 5 Recycling Countries

Switzerland 52%

Austria 49.7%

Germany 48%

Netherlands 46%

Norway 40%

The Global Face of Recycling

India

- In Dharavi, India, many people make a living by creating their own recycling factories. It is estimated that the self-made recycling industry employs roughly **200,000** people. It's not merely taking care of waste, but a way of life and a source of income.
- India recycles roughly **40%** of their e-waste a year.

Japan & China

- The citizens of china who diligently collect recyclables off the street are numbered around **2.5** million people. These scrap collectors earn the equivalent of \$150 a month which is roughly half of what a cab driver earns in that country in the same time frame.
- It is estimated that **20%** of the countries waste is disposed of improperly in China.
- In Japan, recycling is a **\$360** billion dollar industry.
- Beijing has built the world's largest recycling facility and continues to install recycling bins.
- Beijing hopes to increase their recycling rate from **10%** to **80%** by 2010.

Europe

- Austria takes the cake by recycling roughly **60%** of its waste.
- The United Kingdom recycles roughly **17.7%** of its waste. Ireland, Italy, and Portugal are around the same percentage.

South America

- In Brazil, nearly 500 cooperatives employ approximately **500,000** recycling collectors. This is a \$3 billion industry.
- Fifty percent of the **140,000** tons of trash generated daily in Brazil is recycled.
- Chile opened its 1st electronic scrap recycling facility in **2005**.
- Peru opened its first recycling plant in **2007**, which processes plastic packaging.

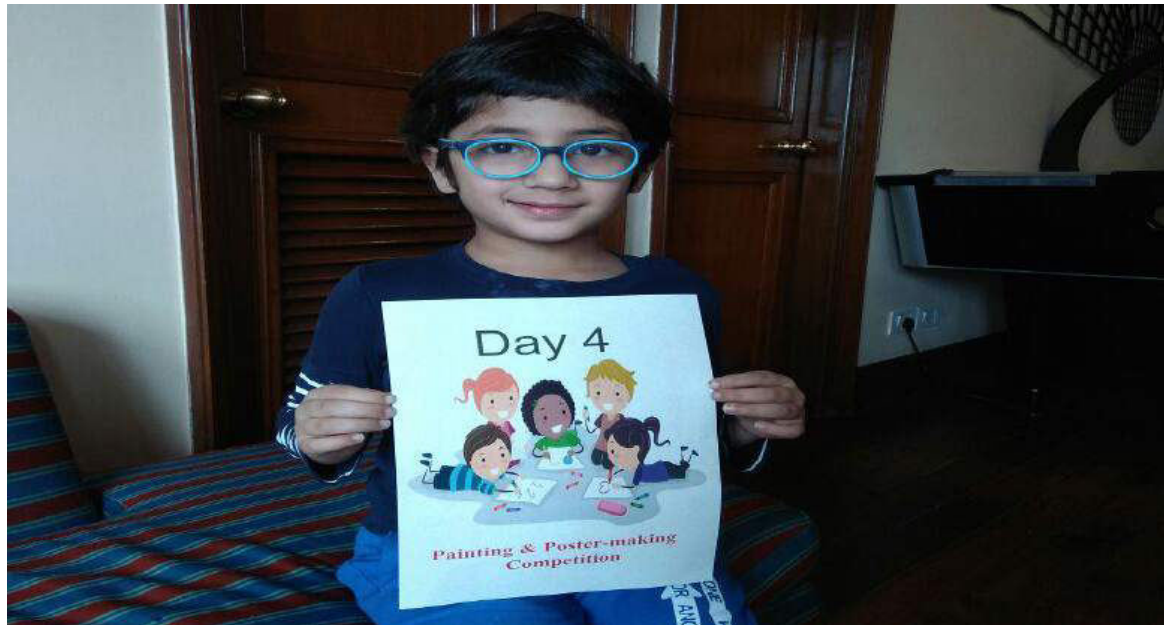

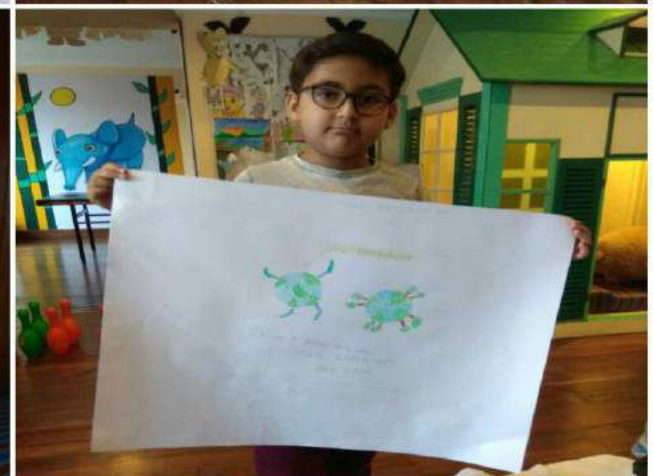

Africa

- The Glass Recycling Company has partnered with the government and glass manufacturers in South Africa in an attempt to increase the current glass recycling rate. This partnership increased recycling rates from **148,000** tons to **183,000** tons of glass recycling in roughly a year and a half.

Celebrates World Environment Day June 5, 2018

The theme for the year 2018 is : “Beat Plastic Pollution”.

- ▶ Ever since its conception in 1974, World Environment Day has had a special theme relating to the pressing environmental concern at the time. The theme for the year 2018 is “**Beat Plastic Pollution**”, and is a call for individuals to take charge of their surroundings and realise the severity of using plastic in daily life.

WORLD ENVIRONMENT DAY 2018

**SAY NO
TO PLASTIC!**

ARE YOU DOING YOUR BIT?

Tree Plantation:

Poster Making Competition

And the winner is

Team
Housekeeping

Although everybody did a great job but team Housekeeping represented the theme in a very interesting and eye-catching way. The team members took their creativity to the next level and created a card that contained a bag made out of chart paper with a turtle drawn on it which states that every time we use a plastic bag and dump it in the ocean ,we are actually killing the marine life. Their work justified the theme .**Well done team Housekeeping!**

List of Activities

- Walk for a cause
- Seed distribution
- No bin day
- Car pool
- Fashion Show

WALK FOR A CAUSE

“Nature is our treasure, help save it.”

- Team Udaivilas gave their bit to the local community on 5th June, 2018- World Environment Day by organizing a walk for a cause near Fatehsagar Lake.
- The team members wore white T-shirts and participated for the walk.
- The main aim to carry out the walk was to create awareness amongst local crowd to protect the environment by walking at lake side with banners and slogans
- We also distributed plant seeds on behalf of the hotel to local crowd.
- Team members from all departments actively participated in the noble cause and the local people appreciated efforts of the team in raising awareness to keep the environment safe for our future.

- *No bin day was initiated in cafeteria on World Environment Day by removing the dustbins.*
- *Team members were encouraged not to waste food.*
- *More awareness was spread amongst the team members by doing so and food was less wasted as compared to normal days.*

Car Pool Day

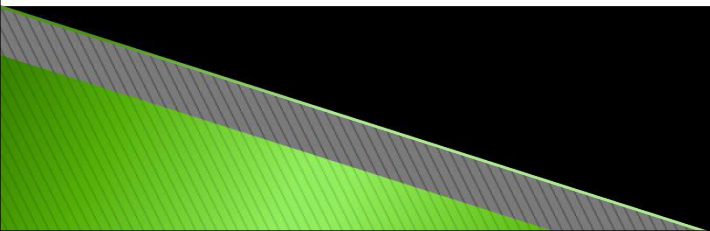

- *Carpooling is also a more environmentally friendly and sustainable way to travel as sharing journeys reduces air pollution, carbon emissions, traffic congestion on the roads, and the need for parking spaces.*
- *So team members were encouraged to do car pool on 5th June, 2018 to be more environmental friendly.*
- *Team members contributed for the same and did car pool on 5th June, 2018.*

FASHION SHOW

- To add to the noble cause of World Environmental Day fashion show was organized for team the members.
 - Topic for fashion show was Reduce ,Reuse, Recycle.
 - Team members actively participated in the fashion show.
 - This event was done house wise & 6-7 participants were their from each house.
 - Team members designed their attire from waste material and they did the cat walk on the floor.
 - It was amazing to see the elaborate demonstration of creativity by the team members in designing costume using recycle material.
 - Mr. Amit Kaul, General Manager congratulated & appreciated all the team members for their efforts on World environment Day.
- 

World Environment Day

World Environment Day is celebrated on the 5th of June every year and is the United Nation's principal vehicle for encouraging awareness and action for the protection of our environment. First held in 1974, it has been a flagship campaign for raising awareness on emerging environmental issues from marine pollution, human overpopulation and global warming, to sustainable consumption and wildlife crime.

World environment day is a campaign established to bring some positive environmental changes all over the world to make life better and more natural. Environmental issues are big issues now-a-days to which everyone must be aware and give their positive efforts to solve such issues. It is a responsibility of each and every individual to contribute towards bringing about positive changes for the environment. Today, we are faced with grave environmental concerns such as ever increasing pollution, depleting sources of fresh water, deforestation and global warming.

Each World Environment Day is organized around a theme that focuses attention on a particularly pressing environmental concern. The theme for 2018, "Beat Plastic Pollution," is a call to action for all of us to come together to combat one of the great environmental challenges of our time. The theme invites us all to consider how we can make changes in our everyday lives to reduce the heavy burden of plastic pollution on our natural places, our wildlife – and our own health. While plastic has many valuable uses, we have become over-reliant on single-use or disposable plastic – with severe environmental consequences.

At Trident Nariman Point and The Oberoi, Mumbai, we take the initiative to create awareness and convey the message about important issues regarding environmental conditions. The contribution of each employee in the Organization towards making the world a better place to live in has been immensely supportive.

The activities on World Environment Day created a buzz amongst the employees wherein we invited the employees' children giving them a brief description about the different herbs in the garden area by our horticulturist; followed by planting a sapling by the children and those saplings were given out as a souvenir to the children of our employees.

The employee's cafeteria was decorated by reusing the plastic bottles with the intention to spread awareness about recycling the plastic amongst the people in the Organization. Employees' positive response played a major role in the success of observing the World Environment Day.

The enthusiastic attitude encouraged the employees to participate and contribute their ideas in the form of posters, slogans and message to save Mother Earth. The poster making competition which was held in the employees' cafeteria was judged by the executive team members and it resulted with the best poster award, best slogan award and best message award. In the latter half, engineering team gave a lecture on conservation of energy and saving electricity to the employees of the Organization.

Each year this day focuses on the current environmental conditions and how to make the environment better. Our team is working towards this cause.

Celebrating World Environment Day

As we celebrated World Environment Day on the 5th of June, the theme chosen for our team was Wealth out of Waste.

Each department put up different items made out of waste material and created things such as a vase, handbags and a garbage disposal model.

Team Housekeeping showed us how to effectively use waste and produce a beautiful re-usable holder. They used old newspaper and magazines along with organic glue to create this beautiful holder which could be used as an urli, flower vase, to keep knick-knacks and even a pen holder.

The first prize went to them followed by Team Kitchen who created a model of our soon to be operational Waste Management machine which will help us manage wet garbage better and create compost for our garden and vegetable garden as well.

Team Housekeeping work of art and the winning team

We also distributed saplings to our team to plant in our garden and their homes too. To nurture them and spread the awareness at home too for preserving the greenery around us.

The Guest

We designed an awareness card which was placed in all the rooms during the evening turn down service on June 4th and the guests who ticked the box were thanked and the linen refreshed post 24 hours.

This exercise was done to create an added awareness to our guests towards being responsible earth citizens and each one doing our bit towards a cleaner and greener environment with focus on reduce, reuse and recycle.

**HELP US REDUCE
WHEN YOU REUSE**

18,000 litres. That's how much water we consume every day for washing room linen. You can help us reduce it by choosing to refresh your room and bathroom linen on June 6th, 2018. Thank you for helping us make a positive imprint on our environment.

If you agree, please tick this box.

ENVIRONMENT
DAY

WORLD ENVIRONMENT DAY

To commemorate and celebrate The World Environment Day on June 5, 2018, The Oberoi, Gurgaon and Trident Gurgaon organized series of events starting from 4th June.

The build up and awareness of the significance amongst the team members started on 1st June and facts pertaining to Environment Conservation were highlighted through banners, slogans and posters on all notice boards to encourage participation in the activities.

'Beat the Plastic Pollution' was this year's theme and videos were played in the cafeteria to educate team members on the importance of saving the environment and judicious use of resources available.

Inter House Poster making competition

An inter house poster making competition was held on 4th June, 2018 in both the hotels.

Art and Craft Activity

10 underprivileged children from the NGO-Ritanjali visited us with great enthusiasm. The purpose was to make them aware about conserving the environment by using reusing and recycling paper through creative activities.

Tree Plantation by the team members

Team members of both the hotels planted saplings outside the hotels.

Quiz based on environment

An Inter-house quiz was organised in Café 443 at The Oberoi, Gurgaon and Mélanze at Trident, Gurgaon based on questions pertaining to environmental conservation. The winners were gifted with saplings and goodies.

Thank you.

World Environment Day

5th June 2018

Trident Cochin

World Environment Day is a campaign observed internationally every year on 5th of June to raise awareness about environmental issues as well as encourage people to take positive environmental action regarding protection of nature and the planet Earth.

Team at Trident, Cochin keeping in mind the aforesaid statement moved out of their abode and decided to be the change that we wish to see in the world.

Keeping the theme of “green” in mind the team came up with the concept of “Each one Plant one” and visited to the local police stations. Each team member carried a sapling along and invited the officers to be a part of the plantation drive.

A step towards a noble
cause!

A total of **46** saplings were planted as part of this initiative and a pledge was taken to look after them. Citizens of the near by locality were invited as well and they enthusiastically participated.

To spread awareness amongst the team, a collage competition was organized keeping the spirit of the day on! Beautiful concepts were produced on the chart and the winners went back home with a sapling each to nurture along with goodies to enjoy.

Thank you!

WORLD ENVIRONMENT DAY CELEBRATION FOR A WEEK!!

At Trident, Hyderabad

4th June, Monday - Slogan Writing competition.

5th June, Tuesday – Poster Making competition.

**6th June, Wednesday – Each one, teach one, how to plant one.
Sapling plantation drive.**

7th June, Thursday – Swacch Bharat Abhiyan.

**9th June, Saturday – Visit to “Little Sisters Home for the Aged”
@ Secunderabad.**

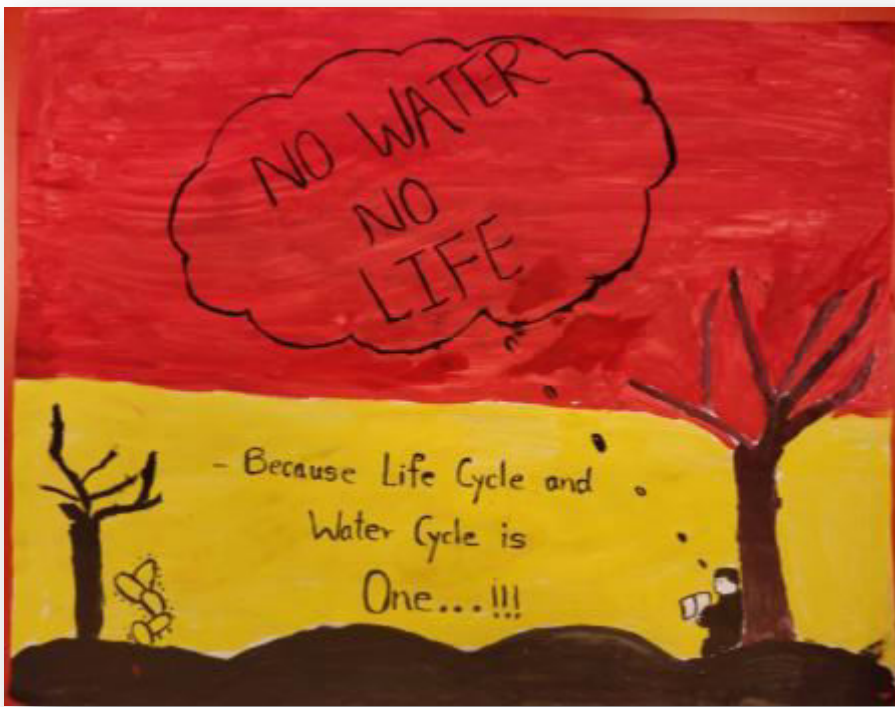

DAY # 1 – SLOGAN WRITING COMPETITION

**Team was encouraged to write original slogans on the theme of World Environment Day 2018.
47 creative entries were received.**

DAY # 2 – POSTER MAKING COMPETITION

Thought provoking posters were conceptualized within an hour by all the teams. The energy in the room was contagious and pulled everyone together.

The winning moment...

DAY # 3 – SWACCH BHARAT ABHIYAN

Be the change you want to see in the World!!

Team of Trident Hyderabad joined hands in cleaning the Periphery of the Hotel.

DAY # 4 – PLANTATION DRIVE

Each one, teach one, how to plant one!

DAY # 5 – VISIT TO “LITTLE SISTERS HOME FOR THE AGED”

Team of Trident Hyderabad visited the Home for the Aged where they got the opportunity to interact with the elderly, served them lunch, helped them with the dishes and planted rose saplings with them. Donations were raised as well by each team member towards the urgent needs of the Home.

Thank you!

Environment Day

On 5th June which is observed as World Environment Day, the team at Trident Udaipur did a Cyclothon to spread awareness and feel the nature in the most unpolluted manner also seeking to promote eco-friendly environment.

“SAVE FUEL, CLEAR AIR, SAVE ENVIRONMENT”

The hotel also did 40 sapling plantations to add more trees to the nature.

“PLANT A TREE, SAVE THE PLANET”

Awareness in Cafeteria

A poster making competition was organised in the cafeteria for the team on the theme “Beat Plastic Pollution”. All the teams had to prepare a poster on the topic given and explain the how a simple step can help in saving the environment.

World Environment Day at Trident, Chennai

World Environment Day (WED) is observed on June 5th every year to promote “worldwide awareness and action for the protection of our environment.” The theme for 2018 is "Beat Plastic Pollution" and the host nation is India.

On the occasion of World Environment Day, Team Trident, Chennai did a green walk with placards around the periphery areas of the hotel in order to spread awareness, about the importance of “clean and green environment” to public. Later, ‘Saplings plantation’ activity was done by the team members in and around the Hotel.

Green Walk outside the hotel
