

# **CELEBRATION OF 22<sup>nd</sup> HAI WORLD ENVIRONMENT DAY 2019**

## **THE PARK NEW DELHI**

**The Park Hotels** join the worldwide campaign to **#BeatAirPollution** to effectively combat problems of environmental degradation. On World Environment Day, we pledge to work together to ensure that our future generations breathe clean air.

**Wake up and smell the smog-**We are entitled to live and enjoy outdoors, in sustainable and resilient cities and rural areas. Our duty is to **#BeatAirPollution** and live in a pollution free planet.

The Park New Delhi eliminated the usage of plastic straws at bars and restaurants. Last year. In continuation to The Park Hotels' commitment to sustainable & environment friendly practices, this year the hotel introduced glass bottles in guest rooms to provide purified drinking water.

**#WorldEnvironmentDay #BeatAirPollution #EveryBreathMatters  
#AirPollution .**

We can't stop breathing, but we can do something about the quality of air that we breathe. The Park New Delhi took the following actions that will not only save on overheads but also will have incredibly positive far reaching effects on our planet.

- **Going Digital-** We asked our employees to share their own videos as an initiative showing their love and care for Nature. Best 2 videos were rewarded.
- **The Environment Day March-** The hotel team led by Area General Manager, Mr. Rohit Arora, marched down the Parliament Street reciting the slogans on **#BeatAirPollution** and spreading awareness. After the march, the team had organic breakfast at the i-Smile cafeteria.
- **Awareness amongst the employees-** The hotel created an environment conducive to the **#BeatAirPollution** theme with displays & posters.
- **Gift a Sapling-** Saplings were gifted to the employees & hotel guests.

- **Tree Plantation-** Trees were planted in the public garden near Hanuman Mandir. These included Lemon (Nimboo), Sapodilla (Chiku), Guava (Amrood), Wood apple (Bael), Tamarind (Imli), Harsingar (Night Jasmine) and other trees.
- **Cleaning-** Surrounding areas of the Hotel were cleaned.
- **Documentary Screening-** Documentary related to environmental issues for the team was screened at staff cafeteria .

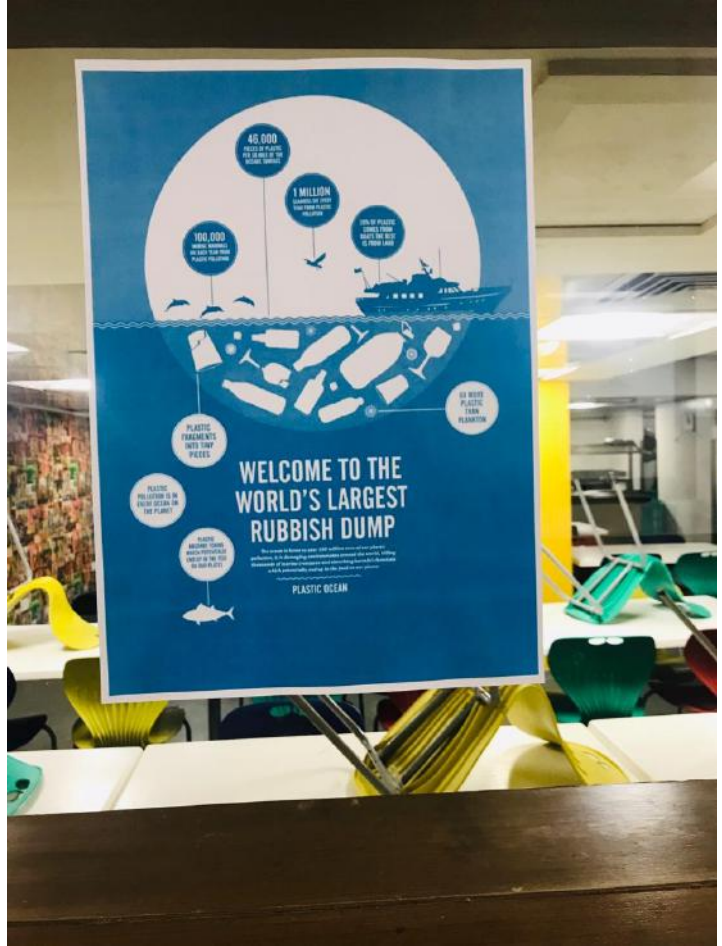

# WORLD ENVIRONMENT DAY

Celebration of 22<sup>nd</sup> Annual HAI Environment Day

**THE**  
PARK  
Chennai

**THE  
PARK  
Chennai**

**WORLD  
ENVIRONMENT DAY**

The Park Chennai marks World Environment Day by colouring the earth green, one terrarium at a time!

These pristine saplings give without taking; and make our corner of the world cleaner with every breath.

We hope you shower this terrarium with the same warmth that you have given us all these years.

Here is your chance to nurture mother earth as your own!

**Care Tip:**  
Water the terrarium by sprinkling a few drops of water every 2-3 days.

This terrarium does not need sunlight and can be kept indoors.
