WORLD ENVIRONMENT DAY: 5 JUNE 2019

STORY

Glaciers are melting and air pollution is the cause

Deep inside the layers of ice sitting atop the Andes Mountains in Peru is evidence of the earliest human-caused air...

WORLD ENVIRONMENT DAY: 5 JUNE 2019

World Environment Day 2019 will be hosted by China, with a theme of “**Air Pollution**”. We can't stop breathing, but we can do something about the quality of air that we breathe.

Approximately 7 million people worldwide die prematurely each year from air pollution, with about 4 million of these deaths occurring in Asia-Pacific. World Environment Day 2019 will urge governments, industry, communities, and individuals to come together to explore renewable energy and green technologies, and improve air quality in cities and regions across the world.

Air Pollution facts:

- 92 per cent of people worldwide do not breathe clean air
- Air pollution costs the global economy \$5 trillion every year in welfare costs
- Ground-level ozone pollution is expected to reduce staple crop yields by 26 per cent by 2030

WORLD ENVIRONMENT DAY: 5 JUNE 2019

What causes Air Pollution?

Air pollution may seem complex, but we can all do our part to reduce some of it. Understanding the different types of pollution, and how it affects our health and environment will help us take steps towards improving the air around us. Click on the icons to find out more about the main types of air pollution.

Department	Details	Objectives
Housekeeping	<ul style="list-style-type: none"> - Label/sticker to be placed on washing machines and Dishwater to advise guest to use a less lengthy cycle. - Change or replace tap by sensor taps – this concept has been introduced by The Berkeley and The Dorchester - Introduce A Regulator in the showers - Reintroduce Environment Card where we advise guests to opt out of daily change of linen - Introduce a bucket in the Departments to collect water from room where the guests have left half used bottles- this can be reused to water plants in the courtyard and washing of the courtyard- To keep a measure on a daily basis to see how much water has been collected - Supervisors to be made more accountable to spot check on maids who leave tap open when cleaning rooms 	<ul style="list-style-type: none"> - Wash can be done within 40 mins instead of 2.5hrs - Reduce risk of taps being left open and running. This concept will considerably reduce the use of water in rooms - Considerably reduces the use of water for washing Linen - To encourage the recycling of water instead of throwing away - Reduce wastage of water
Kitchen	<ul style="list-style-type: none"> - To stop defrosting water under running water. This process can be changed by removing the frozen item the day before and kept in the fridges- SOP to be created and Sous chef made accountable to check on chefs - Use of combi oven to steam food instead of blanching 	<ul style="list-style-type: none"> - Reduces usage of water - Reduces the use of water and cooking time. Healthier food
F&B and Banquets	<ul style="list-style-type: none"> - Introduce a bucket to collect water from table service where the guests have left half used bottles 	<ul style="list-style-type: none"> - To encourage the recycling of water instead of throwing away
Staff Toilets	<ul style="list-style-type: none"> - To introduce toilet paper dispenser and remove toilet roll- 	<ul style="list-style-type: none"> - Less use of paper which results in less usage of water from the tanks to flush away.
Courtyard	<ul style="list-style-type: none"> - Use machine to clean courtyard instead of hose water pipe cleaning 	<ul style="list-style-type: none"> - Reduces water usage considerably

We would measure the success by monitoring the water meter at the end of every month

TAJ CAPE TOWN

Cleaning Drive

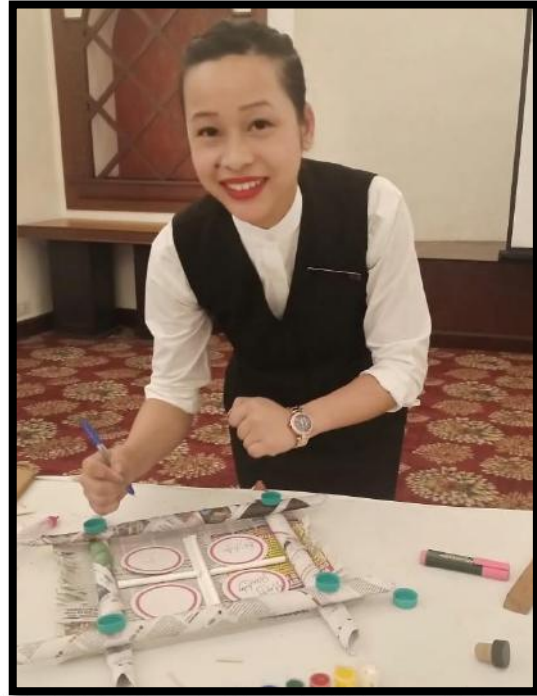

Plantation by Hotel Associates & Guests

Focusing on the fact that trees are an invaluable asset to us, associates along with the guests planted saplings. The Horticulture team explained about the variety of saplings and importance of plantation with right kind of trees according to the weather conditions.

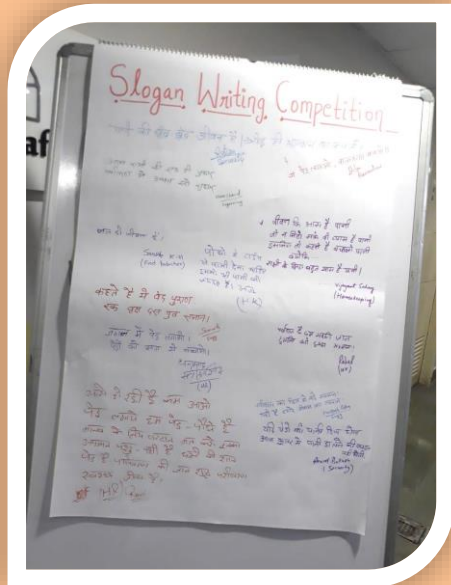

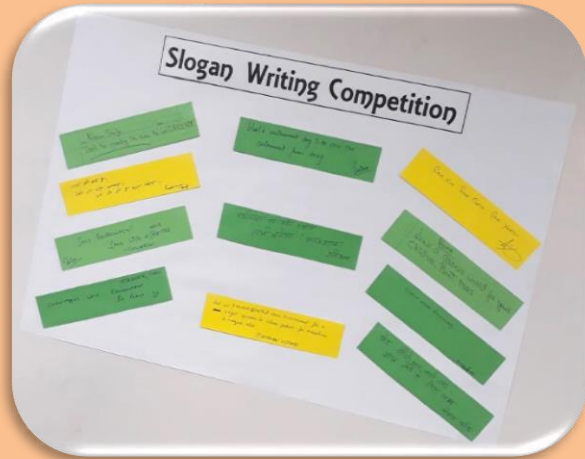

Best Out of Waste Competition

Teams participated in a **Best Out Of Waste Competition**, wherein all the Houses had to collect any waste material from the Hotel garbage and make any useful product out of the same.

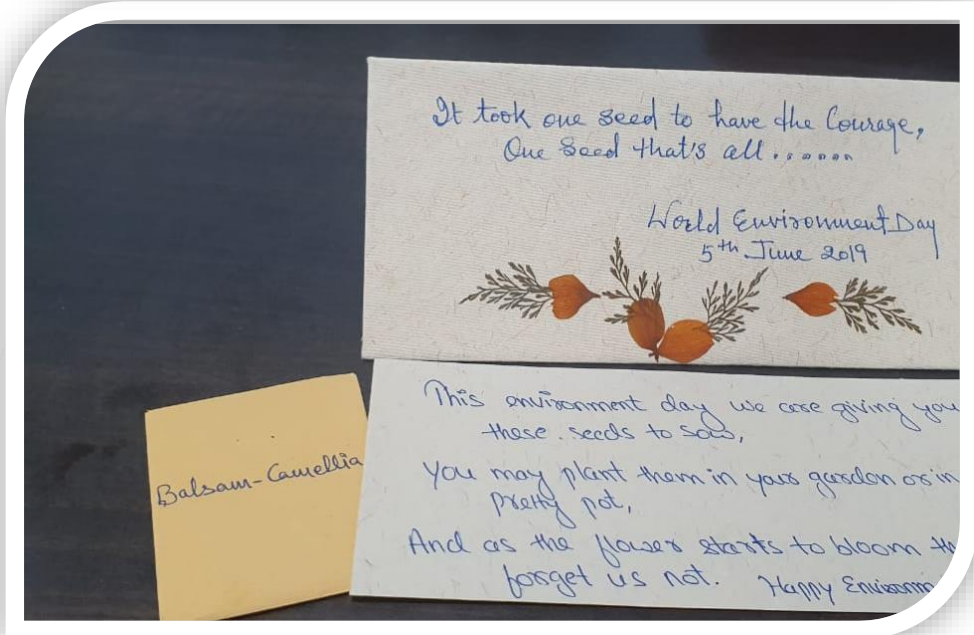

Associates with great enthusiasm and innovation, made products like, a mobile holder using waste toilet roll, a flower vase with discarded box, a fruit basket was made with a waste tin container, handmade candles, table lamp made out of a plastic bottle, attractive shapes using discarded plaster of paris & cement, a selfie frame with waste newspapers etc.

Slogan Writing Competition

A slogan writing competition during lunch hours was organized wherein associates were asked to share a slogan on saving our “Mother Earth “. Associates across departments participated with great enthusiasm.

- Green Walk organised to promote the awareness about the importance of clean and green environment.
- Poster competition with a theme of green planet and green environment organised for staff.

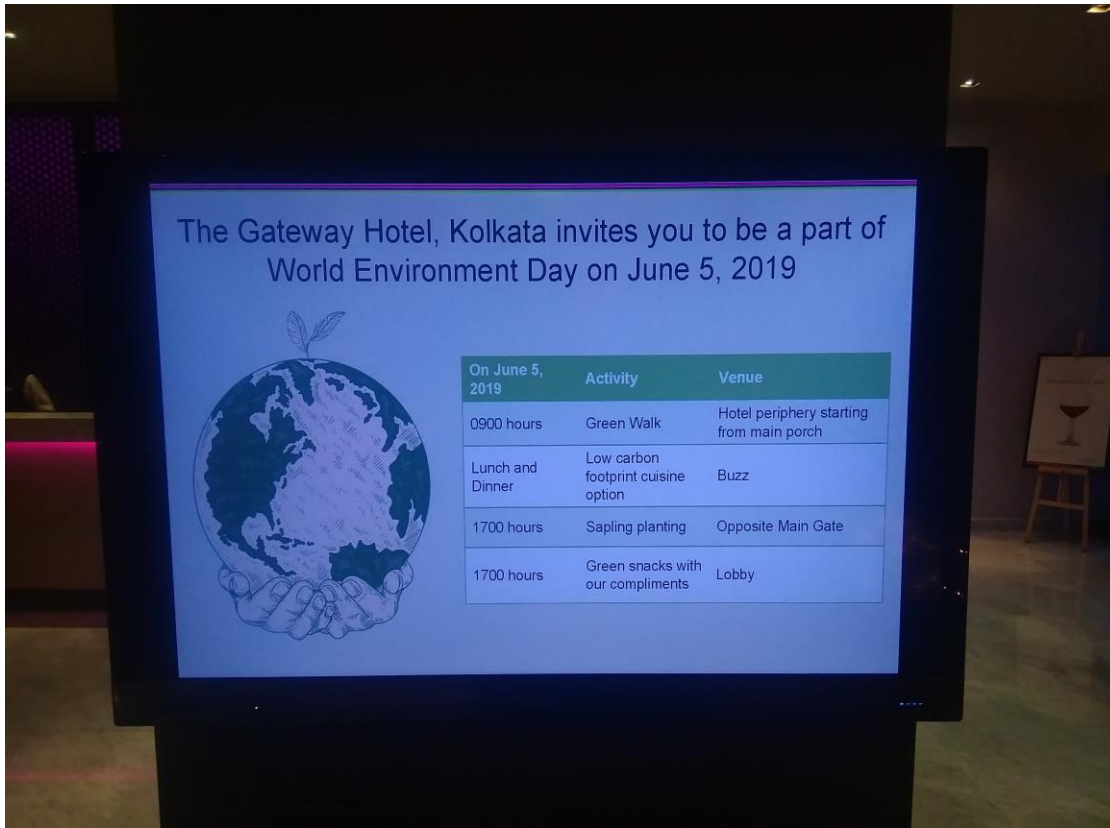

Taj Mahal Hotel, New Delhi

Poster Making Competition

Organized a poster making competition for the employees wherein two employees from each department had to design a poster. The theme for poster making competition was “Geo Engineering in response to climate change”. The teams were given an hours’ time to design their respective posters. Director of HR and Manager of the Learning & Development were the judges of the competition. The competition ended when Kitchen was declared as the winner, right behind them was Sales & Marketing grabbing the second position.

Eco Friendly **Departure Gift** for guests – Key Chain made by Local Artisans by Jute and Krishnachura Seeds to instill awareness regarding plantation.

Jai Mahal Palace, Jaipur

Commenced the World Environment Day by inviting guests to plant seeds of Karanj (Milletia) plant, the seeds which were placed in the guest rooms the previous day during Turn Down Service. Planting 30 pots of Karanj gave the guests a feeling of content towards their contribution to the environment. They were assisted by the associates who then planted these pots in the palace area, who would over the years grow into mighty foliage.

Post this, the enthused associates planted a total of 50 saplings of Neem, Kaner(Oleander) and Gulmohar in other areas of the palace. Following the plantation, there was a cleaning drive conducted from the main gate till the staff gate of the palace. It was not only a cleaning drive, but also created awareness among the passersby about this day

Jai Mahal Palace, Jaipur

A Green Theme Lunch was organized for the associates to commemorate World Environment Day. Organized at Dāwat- the associate dining hall of the palace the ambience, menu and service were synonymous to the initiative.

Quoting the words by Mr. J.N Tata, *“In a free enterprise, the community is not just another stakeholder in business but is in fact the very purpose of its existence.”* To give back to the community, a plantation drive along with a cleaning drive were conducted in the neighborhood, where 10 saplings of Kaner were planted along with the residents of the area. They were also made aware of the significance of this day and the efforts we need to put in sustaining the environment

Vivanta Kathmandu

Vivanta Kathmandu hosted an awareness campaign in coordination with the local community. The event started with the arrival of students from the community school where they were briefed regarding this day and the importance of environmental conservation.

WORLD ENVIRONMENT DAY

This World Environment Day, Lets PLEDGE TO BEAT 'Air Pollution'

- I will remember to turn off lights, computers, and electric appliances when not in use
- I will use car pool services, public transport, or walk to limit number of vehicles on the road
- I will not idle my vehicle when i am out for a drive
- I will not speed up or drive aggressively because that only produces more emissions
- I will plant trees in and around my neighborhood to help reduce air pollutants significantly
- I will generate awareness on air purifying indoor plants

• World No Tobacco Day

The 22nd World Environment week drive has begun with spreading awareness on “No Smoking”!

31st May is world No Tobacco Day. We had spread the awareness by putting “ No Tobacco” posters all over the hotel, by playing video for the employees, put empty cigarette box with a tag of “ QUIT TODAY” and most importantly shut the employee smoking zone for couple of hours.

ESSDING TAJ SATS

• *Low Carbon Foot-Print Cuisine & Green Film*

We have taken a step ahead towards the Environment by planning a low carbon footprint menu in our own employee cafeteria.

“ No Bin Day” was the theme for the day. We have designed the menu on the same theme so there will be no wastage. On no wastage we have given reward to each one of our employee.

Simultaneously we have played few short films on Environment to spread the awareness amongst all of us .

ER EXPRESSIONS TAJ SATS

• Creative Poster Making & Slogan Competition

Celebrating Environment week by making posters and writing slogans on environment theme.

All the departments have participated for making the posters and the slogan based on the topic. The judges have selected the best two posters on the basis of creativity. Team Security was the winner and Team Housekeeping was the Runner up .

GER EXPRESSIONS TAJ SATS

• Green Vehicle

Pollution is now one of the area of concern in term of Environment prevention. We have taken a step ahead towards the same.

We have driven” Green Vehicle” as a part of Environment week. Specially we have called the Technician to check the employee vehicle maintenance condition. Where as the technician was having a audit check list to check all the employee vehicle. The best vehicle was marked with a green sticker.

GER EXPRESSIONS TAJ SATS

• Green Walk & Tree Plantation

The final drive of Environment Week ended with a “Green Walk” where employees took part and took a long walk by the bay of Bandra.

As came back from the walk, we have planted the saplings in our very own fort lawn and as a part of the participation appreciation the Basil plant has been distributed amongst all the participants for the great “Green Week”.

22nd HAI WORLD ENVIRONMENT DAY
CELEBRATIONS - 5TH JUNE 2019
TAJ PALACE NEW DELHI.

The following activities were conducted at the property to mark the 22nd HAI WORLD ENVIRONMENT DAY on Wednesday, The 5th Of June 2019:

Plantation Of Saplings-

About 400 saplings were planted by employee volunteers on the hotel premises.

Environment Quiz-

A quiz on the subject of Environment and its preservation was conducted among the hotel employees.

Seven employee teams participated.

It took four rounds to declare the winning team

The Winner was later felicitated.

Some images of the activities are placed below:
